

Bilingual, Biliterate, Bicultural: Dual-Language and Immersion at Elementary Schools

Increase and expand two-way dual-language and immersion programs in at least eight elementary schools. By increasing and expanding access to two-way dual-language programs in elementary school, all students, regardless of their native language, will have opportunities to learn a second language while communicating with, learning from, and forming connections with students from diverse cultures and backgrounds. The programs would set the stage for cultural appreciation and global awareness.

Student

English and Spanish language learners will mutually benefit from authentic language exchange. Simultaneously, both groups work together to become bilingual and biliterate, fostering cultural appreciation and camaraderie in a diverse community. Students in immersion programs will accelerate in their second language acquisition.
